

Check list for paper submission

Notation of Physical Quantities and Units in the Text and Equations

- Physical quantities should be written in italics.
- Include a space between the physical quantity and the unit.
- Units should be written in Roman (upright) type, not in italics.

Notation of Figures and Tables

- Captions for figures and tables should be unified as "Fig. 1 XXXX" and "Table 1 XXXX".

References

- Please format the references according to the template.
